

# Three Year Old Preschool News April 29, 2010

Last week's letter was "A". The children used apple jacks to make necklaces and enjoyed some as a snack. Some necklaces didn't make it home because the apple jacks were eaten right off the necklace. They painted an apple picture and practiced their scissor skills to cut it out.

This week's letter is "X". The students enjoyed following a treasure map to an "X" that marked the spot of a treasure.

We continue to talk about how God created us so special. The children looked through magazines to find pictures of people smiling. We glued the pictures to create a collage titled "God Made My Smile."

The children have thanked God for their families. They completed an activity deciding what they enjoy doing with their families.

The Pre-K students practiced using stencils. This is a great way to practice fine motor skills. We will continue to reinforce this skill.

Last Thursday was Earth Day. We discussed ways to keep our world clean. The children practiced putting different items in a recycling bin on the website [starfall.com](http://starfall.com) on the Earth Day activity. This was good practice with the mouse on the computer.

The children enjoyed watching a play put on by students in an enrichment theatre workshop. The play was titled, "History Roundup". It was great to see children in our school trying something new.

Have a super weekend!  
Mrs. Laurie Stock
