What's New

The Pre-K students have worked hard to create a "God Made The Whole World" book. They have spent a lot of time and used a great deal of creativity on these books. You can look at their books and take them home at the open house after the Catholic School's Week Mass.

Sunday, January 29th is the beginning of Catholic School's Week at Incarnation. You and your child are invited to attend the 11:00 am mass. After the mass there will be fellowship in the Bernardin Center and open house in the school. Please come to our classroom and check out all of the great work your child has been doing. We are all very excited! I look forward to seeing you!

Reminders

See you on Sunday at the Catholic School's Week Mass and Open House.

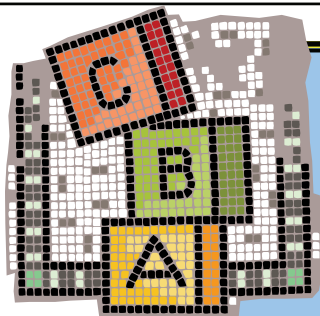

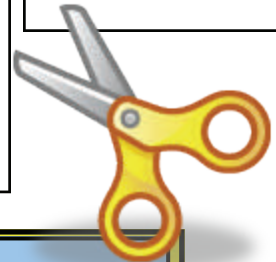

Letter of the Week

We continue to work on the letter "Rr" this week.

Several times a week the children review their letters and letter sounds. At playtime, Mrs. Shaw and I set out approximately four letters, uppercase and lowercase, to have individual students play matching and memory games with the letters.

The children use their letter books to review the letters and practice letter formation.

I am very proud of their hard work!
