Sixth Grade Homeroom In The News Religion

The sixth grade has been studying the reign and wisdom of Solomon. He constructed the first permanent temple which later became our church. We will also be studying the psalms beginning this week.

During Catholic Schools Week we met with our Kindergarten prayer partners several times to have lunch, play games, drink hot cocoa and read books. The kids all had a great time. The sixth graders have really become great role models of our faith to the younger kids. They look forward to lots . . . more fun activities that Mrs. Rowe and I have planned for the rest of the year!!
